

Wisconsin Tobacco Pool Contract Upheld by Judge

MAIL BANDITS STAGE TWO DARING RAIDS

COOPERATIVE BODY COURT VICTORY OVER BEKKEDAHL

PERMANENT INJUNCTION GRANTED BY WERNER IN DECISION.

UPHOLDS VALIDITY CONTRACTS NOT MADE IN RESTRAINT OF TRADE; PRIVATE COMPANY CANNOT INTERFERE.

Madison, Wis., April 1.—A permanent injunction restraining the M. H. Bekkedahl company from interfering with the contracts of the Northern Wisconsin Tobacco pool, a cooperative association of tobacco growers, was granted by Judge E. V. Werner, Shawano, in a decision handed down Monday. This decision sustains the validity of the pool contracts which the private company claimed to have been entered into in restraint of trade.

The permanent injunction court order declared that "the plaintiff is entitled to judgment, permanently enjoining the defendants from interfering in any manner whatsoever with the contracts of the plaintiff and from interfering with the business matters of the plaintiff, and particularly from buying or attempting to buy any tobacco from any person who has contracted to sell the same to the plaintiff and from receiving any of the tobacco grown in the year 1928 by any person who is under contract to sell the same to the plaintiff."

Dismissal of the counter claim by the Bekkedahl company was ordered.

The court held that the contracts entered into by the pool were not tainted by fraud or duress or misrepresentation or coercion. This had been charged by the defendants.

The decision held further that the plaintiff pool has acted in contravention of any rules of law that it has attempted to produce or to attempt to resist.

The court held that the contracts are not in unlawful restraint of trade; that no conduct of the plaintiff is in unlawful restraint of trade.

WILL APPEAL CASE TO STATE SUPREME COURT, CLAIM

Madison, Wis., April 1.—"We will appeal to the state supreme court at once," said Walter D. Bork, attorney for the Bekkedahl company, in a statement after the court decision.

The decision upholds the pool's legality. "We have planned all along to appeal the case if the court decision was adverse. We want the supreme court to rule on the law and the facts."

Woman Suspected in Model's Death

[BY ASSOCIATED PRESS.]

New York—A woman now in the nearest central figure in police pursuit of clues to a solution of the mystery of the murder of Dorothy Kossman, who was chloroformed to death a score of days ago.

It was learned Monday that the police had for some time been trailing the sweetheart of a man who for several days had been under suspicion chiefly because he has been unable to account for his actions for the hours between midnight preceding the murder and 8 o'clock the next morning.

The woman, they say, was being trailed in the hope that she might attempt to dispose of some of the jewels or other articles that were stolen from the model's West Fifty-seventh street apartment. She already has been interviewed by the police, having provided the suspected man with an alibi for the hours before and after the murder with the exception of the eight that still remain unexplained.

The suspect is believed to have known the slain model, the police say.

CRITICAL MOMENT NEAR FOR HARDING ADMINISTRATION

NEXT FEW MONTHS WILL SPELL VICTORY OR DEFEAT.

President Returning to Work After Complete Rest from All Responsibility.

By DAVID LAWRENCE. Copyright, 1928, by Janesville Daily Gazette.

St. Augustine, Fla.—President Harding's vacation has been a distinct success. Few business men could say as much, for the president has amazed even his intimate friends by his facility of obtaining complete detachment. Seligman is a chief executive able to get similar rest in the white house notwithstanding the fact that he is surrounded by a corps of secretaries and advisers. This very atmosphere reeks with responsibilities.

When Mr. Harding left Washington he didn't even take a personal stenographer to take his messages or to take dictation. He was determined that he would transact only the most important business and he did not expect to see a single hour of the day even for routine.

Not until this week did the president's program change. He now is working part of the day and will continue to do the same at Augusta.

According to the prisoner, he will endeavor to procure the services of a lawyer to fight his case.

Extreme precautions were taken over the week-end to prevent Magnuson from injuring himself during his despondent mood and to prevent him from entering the cell, while a companion always is stationed with the prisoner.

NATIONALISTS ARE BLAMED FOR FATAL RIOTING AT ESSEN

INCITED BY POSTERS AND LEADERS, SAY SOCIALISTS.

KRUPPS PROTEST

French Fired on Defenseless Crowd, Directors Charge in Communication.

[BY ASSOCIATED PRESS.]

Essen.—The socialist newspaper Rote Fahne, referring to the disturbance at the Krupp works, which resulted in the death of nine Germans and the wounding of 34 others, says that for several weeks past the walls and workshops of the plant had been covered with German nationalist placards. The dispatch continues:

"Immediately on learning of the arrival of French troops at the works, a number of nationalists, including women, rushed to the plant and urged them not to allow any soldier to leave the plant alive. When members of the workers' council, who had been detaching themselves from the presence of a company crowd led by enraged nationalists, including numerous students who were shouting down with France."

The Berlin newspaper correspondent learned that the directors of the Krupp works have sent a note to the French divisional commander, there pending action.

The communication charges that the French detachment which visited the works in search for automobiles, "fired on the defenseless crowd" after members of the workers' council had offered to insure the safe conduct of the property in view of the uncertain temper of the workers.

The German correspondents telegraphed that the French were responsible for the tragedy, asserting that the military, apparently disinterested at the number of men killed, began firing.

"Protested Peacefully."

President Ebert in a message to Krupp officials spoke of the peaceful protest of the French military and defenseless workers, and continued:

"The French troops fired machine guns upon workmen who only protested peacefully, without threats, against forcible entry of German workshops."

Girl Takes Poison After Ejection at Chaplin Home, Claim

Hollywood, Cal.—A young woman saying she is 15 years old and claiming acquaintance with General Francisco Serrano, Mexican minister of war, and Pedro J. Alarado, inspector general of police in Mexico City, filed a police report Monday night with declarations of having swallowed poison after having been ejected from the home of Charlie Chaplin, motion picture actor.

She gave the name of Miss Mariana Vega of Mexico City.

While no traces of poison were found, the police believe that the girl, through fear and anger, whose automobile she was taken to the receiving hospital for treatment, told of several encounters with her.

It is a good deal harder sometimes to select the one best fitted. You see there are no titles with the pictures. We have the picture and no title. It is your job to name the picture. Just write one out on a postal card. Do not send it in a sealed envelope. Try it this week.

EASTER WARMER BUT NOT ENOUGH FOR FASHION SHOW

While Miss Janesville was a little afraid Sunday to venture out in new bonnet or spring dress because of threatening clouds, Sunday had more of the balmy air of spring than many a day for weeks. The thermometer stood at 28 degrees above at 8 a. m. and went as high as 48. But a chilly breeze did not permit a full realization of the springlike day because the sun was not always present.

Monday was another warm day, the reading being 45 degrees at noon with a light, warm rain falling. Predictions, however, are the rain will turn to snow with colder weather. A C. Mead, weather prophet, gave a blizzard due to come next Friday.

Rock river is gradually falling, Sunday's thaw having no effect. The water is now but 7 1/2 inches above the government mark.

Church Invaded by Masked Band

[BY ASSOCIATED PRESS.]

Pittsburgh, Pa.—Elmer L. Kidney, a lawyer, who Sunday tore the masks from a half dozen hooded men in the Bellevue Methodist Episcopal church, Monday refused to discuss the incident, other than to say he had plans which would develop in due time.

The Rev. Dr. R. B. Umy, who was in the pulpit in the midst of Easter morning services when the men entered, said he would have nothing more to do with the matter. Any action Mr. Kidney may take will be for himself and not for the church, he said.

"So far as I am concerned," said Dr. Umy, "the incident is closed. These men masked and robed, waited into our church and were really disturbing a religious meeting when I invited them to retire."

"Such disturbance is in violation of the law, but I meant what I said when I said they were welcome to remain if they would remove their disguises."

Mr. Kidney, who reported the incident to a police department, is an officer of the church and was standing near the door when the men, masked and robed, entered.

As the minister ordered them to leave, Kidney moved toward them and they left the building. Outside the church were automobiles and toward these the men hurried, but Kidney, it is stated, succeeded in unmasking several.

INJURIES FATAL TO FRED K. DEAN

Man Hurt in Fall from Building at Chevrolet, Dies.

Injuries to his right side suffered in falling from a building at the Chevrolet plant a week ago Monday, proved fatal for Fred K. Dean, 46, 1221 West Eastern avenue. He died at Mercy hospital at 10:20 p. m. Sunday. Mr. Dean was raising a building last Monday when he fell, breaking several bones in his body and paralysis of the internal organs resulted.

Mr. Dean was born at Belvidere, Ill., April 11, 1878, the son of the late C. B. Dean, at one time judge of Boone county, Ill. Father and son were for several years engaged together in the abstract business at Belvidere. In 1909, Fred Dean married Sophie Black, Janesville, and located here.

He was kind, and industrious and has many friends here who were shocked at his death.

He is survived by his wife, and to children, Harvey and Alice. A son, Chauncey, drowned five years ago in Rock river. A stepson, Robert Black, Barnaboo, and a sister, Mrs. A. E. Appleton, Dayton, Wash., and a brother, Clifford, of the same state survive.

Funeral services will be held at 3 p. m. Tuesday at Whaley's funeral parlors, the Rev. J. A. Melrose, of the Presbyterian church, officiating. The body will be placed in a vault in Oak Hill cemetery, to be buried later in Plymouth township cemetery.

COLD WEATHER RETURNING TO MIDDLE WEST

Washington.—Cold weather again is spreading the northwest and the Ohio valley and lower lake region will experience another drop in temperature by Wednesday.

After an Easter which, in many sections, was the coldest ever recorded, generally milder weather prevailed in the eastern states Monday.

Wide disturbances, however, is central over Colorado and pressure is higher over the eastern and southwestern states, the Canadian north-west and North Dakota.

The latest and most flagrant falsehood by the Mayor's gang in opposition to the city manager ticket, is that the state bowling tournament is in danger. This is utter nonsense beside being based only on pure and unadulterated cussedness and imagination. Candidates for council on the Citizens' ticket are citizens here, all fully aware of the needs of the city and one of the biggest things we have in promise is the state bowling tournament. The Gazette is opposed to any act that would in any way curtail that event and has stood strongly against any action to inaugurate blue laws or any other restrictive measures against the wishes of the majority in Janesville. The peddlers of falsehoods have only one end in view—to deceive and to perpetuate the rule of the gang voted out of office last spring.

SIX ARRESTED IN FLOGGING CASE AS GANGSTER SPEAKS

ALLEGED CONFESSION IS SIGNAL FOR SPEEDY ROUNDUP.

DOCTOR IS VICTIM

Dairymen, Angry at Health Law Enforcement, Are Believed Guilty.

[BY ASSOCIATED PRESS.]

Birmingham, Ala.—With six men in custody, federal and state authorities Monday continued their efforts to find the renegade, number of the men charged with participating in the kidnapping and flogging of Dr. J. D. Dowling, city and county health officer, May 17, last year.

At least four other men are under suspicion as a result of a statement authorities said had been made to them by C. W. Tyson, a young dairyman, one of the six men under arrest.

Several times during Tyson's recital, according to the statement of officers present, he broke down and wept. Robbing bitterly, he evaded much emotion, his inquisitors declared, including Dr. Dowling's crisis of agony as members of the mob took turns at applying the lash.

Authorities say they did not obtain the names of the men who were taken to Tyson of any character to obtain his statement. It was entirely voluntary, they assert.

Dr. Dowling's zeal in enforcing laws that require the public health to be kept clean, has been the cause of the plot to be formed against him and executed, Tyson was said to have declared.

Certain dairymen, Tyson was quoted as saying, had long objected to the health officer's campaign for better milk.

SALESMAN SEVERELY BEATEN UP BY GANG

Taylor, Tex.—I. W. Burleson, 26, a salesman, reported to police Monday that he had been severely beaten and severely injured by a gang of men near here Sunday night and severely beaten with leather straps. Tar and feathers were applied to his head and arms. He said he did not recognize any of the men. Burleson, whose home is said to be in Waco, reported that he had been warned two weeks ago to leave Taylor.

Madison.—Two youths dressed in home force forced their way into the home of Mrs. Jane Barclay, 75, here Sunday night and after slugging her, took \$700 in cash and escaped. The two robbers knocked at the door and asked to see the son of Mrs. Barclay. When advised that he was not at home they forced an entrance.

MERCHANTS HERE ARE ALL READY FOR THE BIG SPRING TRADE

[BY ASSOCIATED PRESS.]

Merchants of Janesville are ready for spring which made the first peep today. Goods for the spring trade are piled on shelves—the most beautiful, and entrancing line ever carried in Janesville stores.

Booster shopping will be done after and not before Easter this year. Snow and bad roads have kept the people away from cities and trade centers for weeks, and in the meantime merchants of Janesville have been getting ready for the flood of business bound to come as soon as young Miss Spring will start donning her green dress.

This year has brought a wonderful lot of reasonable things—more, perhaps, than any other season and in everything to wear for men and women and children, in all the newer things in wares of all needed sorts, the stores have been able to outdo any year that can be remembered.

It will soon be time to make a garden and that means a lot of things for city buyers to get. It will soon be time for farming operations to open, up and the merchants have been busied with the spring trade in Janesville and get the things waiting for them at the stores.

Spring, gentle maiden, we are waiting for you. Hurry up!

ST. LOUIS ROBBERS HOLD UP TRUCK IN BUSINESS SECTION

REGISTERED MAIL TAKEN AND DRIVER LOCKED IN CAGE.

THIEVES ESCAPE

Springfield, Ill., Thugs Loot Sacks but Overlook Valuables.

[BY ASSOCIATED PRESS.]

St. Louis.—Nine pouches of registered mail were obtained in the holdup of a mail truck in the business district here Monday.

Police asserted it was the boldest robbery in the city history. The mail was for delivery to large business firms, including banks and brokerage houses. Postal officials explained the amount of money and valuables could not be ascertained until the records of registry were checked up.

Five in Party. At Fourth and Pine streets, near the sub station, it was announced a dark colored touring car drove alongside the truck and five men jumped out. They covered the chauffeur of the truck and a messenger both of whom were armed with shotguns, and compelled the messenger to get into the touring car. The chauffeur of the mail truck then was ordered to drive to an alley about four blocks away.

Locked in Cage. The messenger was relieved of his keys and the cage door of the truck was opened by the robbers. The robbers threw the mail into the touring car and, after placing the messenger and the chauffeur in the cage of the truck, drove off.

A messenger, who was released later, released the messenger and chauffeur.

BANDITS OVERLOOKED REGISTERED MAIL SACKS

[BY ASSOCIATED PRESS.]

Springfield, Ill.—Federal and local authorities were at a loss Monday to explain a daring robbery early Sunday, in which six heavily armed gunmen fled with six sacks of registered mail on the road. No clue to the identity of the gang has been gained.

The police announced that questioning of one member, who gave the name of Eugene Shelton, has produced nothing of value. Postoffice Inspector Baumgardner of Jacksonville has examined the recovered mail and estimated that the robbers took less than \$1,000 for their trouble.

Sacks Are Empty. With receipt of word from the St. Louis police, denying an identification of Shelton, the theory that the gang was a part of "Egan's Rats," notorious St. Louis gangsters, was exploded. The St. Louis police announced that they were unable to place a man of Shelton's description.

All the sacks of mail, which were recovered in an alleyway here, had been cut open and emptied of money.

WHY I LIKE JANESVILLE

Spring is here. It has given the first warning this morning. I like Janesville in the spring. The place is there where greater promise comes than here at this time of the year. The great tower of trees, the shrubbery and the lawns all make a new and entrancing picture. A place where it is made to live.

THE WEATHER

Unsettled weather Monday night and Tuesday, probably snow in north and rain turning to snow in south portions; much colder.

BUYS PRIZE SIRE FROM CALIFORNIA

Famous Son of Prilly with Championship Dam Coming to Rock County.

Another top notch Holstein sire is coming to Rock county.

A year old son of Prilly, now the best herd sire, a Pacific coast grand champion and one of the outstanding bulls of the breed, has been purchased by a Rock county breeder, John Goldthorpe. The sire dam is reported to be making a record that will establish her as a world's champion senior two-year-old. There are exceptional production records on both sides.

The bull was purchased from the Bridgford Holstein farms, Patterson, Cal., and is expected to arrive in Rock county in about two weeks. John Goldthorpe, Jr. worked on this farm for many years and declares the son of Prilly to be a real show prospect. The price paid is reported to be around \$1,000.

Although travel has been impossible, the Holstein association has been attempting to secure authentic quality cattle for the county's championship sale here May 15. Assurance is given that enough good cattle will be consigned to hold a good sale under the higher standards that the association demanded be firmly established.

Prize Calf Sold

by Ray Heller

A good many times breeders at home fail to realize and appreciate the quality of stock within their own county and their own neighbors. During the last week Roy J. Miller, residing west of Janesville sold a bull calf, raised from the high test cow Johanna Rug Apple Red, purchased at the last Rock county Holstein consignment sale to J. D. Porter, Glendale, Arizona.

The price realized on the calf was almost as much as the price paid for the cow, and the animal marked the first attempt of Miller on official test work.

The Rock county man tried to interest several Rock county breeders in the calf without success. Miller met Porter at the sales in Waukesha and Jefferson counties. After inspecting the calf, the date and other relatives of the cow, Porter decided to purchase the calf. Porter visited the herds of prominent Minnesota breeders, Moscrip, Mackney, Erwin and others. This week Miller obtained a draft from Porter and agreed to ship the Rock county calf. The Arizona breeder declared the Rock county sire to be the best combination of records and individuality that he had found in his extensive search in Wisconsin and Minnesota. The sale is also a concrete illustration of success with good pure-breds. After the sale, the new Miller put a 22 pound record on the animal and will again put the cow on official test this year. A sister to the Miller cow-Johanna Rug Apple Red, owned by Arthur Reid, Jr. named Rag Apple, has made a 24.72 pound record as a three year old with an average fat test of 4.75 percent.

MAY BUY JUNIOR CLUB CALVES OUT OF ROCK COUNTY

The Rock county Holstein association met here to go out of Rock county to secure enough calves for the junior club work this season. Applications show that 22 calves will be furnished to the allotment point.

Most dairy breeders in Rock county have their good cows freshen for a supply of milk during the winter time. A number of herds will be inspected this coming week in hopes of securing good quality calves for the juniors to be distributed in Janesville on April 14.

SHORTHORN BREEDERS HAVING GOOD SALES

There has been a remarkable increase noted in the calls for milking Shorthorn cattle from Rock county since the information has been sent out of the organization of a Shorthorn cow testing association. In addition to the 19 head sold to Mexico City, there have been 25 other animals sold recently. Breeders in the C. T. A. are planning a cooperative plan of listing all sales and stock for advertising in the breed journals.

Those in the milking Shorthorn association are as follows: R. B. Wentworth, Fort Atkinson, Irving Rime, Orlanville, Grant Howard, J. H. Fisher and Sons, Harvey Little, Evansville, J. M. Sweeney, D. F. Sayre and Son, Archie Wentworth, David Arnold, Edgerton, Wilkie and Cleland, R. F. Polak, William Sommerfeldt, Payne and Brown, James Haddon and son, R. W. Lamb and son, F. H. Brooks' Arrest of Interest Here

Arrest of C. H. Brooks, West Allis, in Milwaukee on charges of attempting to evade the Wisconsin blue sky laws, and starting what was believed to be a state-wide campaign to exchange the stock of the Rockdale Corporation of Wisconsin, totaling several million dollars, for the stock of the Co-operative Society of America, will be of interest to Rock county investors in the small companies, one of which was organized in Janesville. About a year ago, in accordance with the same action taken against agents in Racine and Milwaukee counties, several officers of the Co-operative Society of America were arrested in Rock county, charged with selling stock without a permit from the state. Five were fined in Beloit and the cases against two in Janesville were dismissed. The Wisconsin Rockdale company No. 31 was then organized here and stock was sold, which was within the law.

No complaint against the newest alleged invasion of the blue sky law has been made to District Attorney S. G. Dunwiddie. If the same method of exchanging the stock is attempted in Rock county, the agent can be brought into the county on the same charge, Mr. Dunwiddie declared. Mr. Dunwiddie said he did not think any such exchange had been attempted here.

Brooks' arrest followed an investigation made by the securities division of the state railroad commission. He has been granted a two weeks' continuance and released on \$2,000 bail.

Same flavor, same quality as regular Quaker Oats. This brand is always flaked from the finest grains only. But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

Your grocer has both styles—Quick Quaker and regular. Tell him which style you prefer.

FIREMEN TRYING OUT RADIO SET AT NO. 1 STATION

Firemen at the West Side station will spend their evenings in the future "listening in" on concerts, speeches and news bulletins from all sections of the country if a plan now being experimented with is carried out.

A radio set was installed in the building Monday, and will be tried out for a few days. The firemen like it well enough. They will raise enough money for its purchase. The aerial extends from the top of the fire station to the Rock River Cotton company's building.

While busy with their radio outfit, the firemen are not forgetting to complete plans for their dancing party in the armory, Friday night.

The music and from the advance ticket sale, the usual large attendance is assured.

LABOR AND ROAD BILLS IN HEARING
Continue Discussion of Gas and Weight Tax Measures.

Madison—The Tucker assembly bill limiting the work day of all employees in Wisconsin to eight hours, is scheduled for hearing before the senate committee on state affairs, Wednesday afternoon. The bill would limit overtime work and would make it a misdemeanor for any person or concern to violate its provisions.

The Olsen assembly bill prohibiting the employment of women for more than eight hours a day is scheduled for hearing Thursday before the senate committee on education and public welfare. This bill and the Tucker bill both passed the assembly by a good margin.

Continue Road Hearing.
The joint committee on highways will continue its hearing Wednesday on two highway committee bills, one to levy a two-cent per gallon tax on gasoline sale, and the other to assess a license fee graduated according to weight on all motor vehicles. The committee held a lengthy hearing last week but all those who desired to speak on the bills did not get an opportunity to be heard, so the hearing was continued.

In the assembly committee rooms there is a hearing Wednesday on the Tilus senate bill prohibiting employment of children in the theatrical and similar exhibitions in the state. This will be before the labor committee.

Would Abolish Board.
The finance committee will have before it the abolition assembly bill abolishing the service recognition board and creating a soldiers' rehabilitation board to provide for the rehabilitation and hospitalization of war veterans. This bill has already been reported favorably by the state affairs committee, but must be heard also before the finance committee inasmuch as it carries an appropriation. Another important bill before the finance committee Thursday is the Dahl bill, introduced at the request of Governor Blaine, which provides for a one-man civil service commission and carries an appropriation.

Turtle Farmers.—A meeting has been called for the farmers in Turtle township to be held Thursday, April 5, in the Beloit Y. M. C. A. Farm Bureau officers will be elected and organization of a spray ring considered.

GRIMM PAROLES YOUNG BURGLARS

Monroe Lads Get Two Years Under State Board of Control.

Howard Wardlow, 20, and Emil Amelung, 18, both of Monroe, pleaded guilty before Judge George Grimm at court house, Saturday afternoon, to burglary with intent to commit larceny and were paroled under the state board of control for two years. Monroe boys brought here from Missouri by Sheriff Robert W. Blumer, and admitted breaking into the armory of the Green County Soldiers' League in the night time on March 20. The boys set pins in the bowling alley in the building and noticed that the money was left in an unlocked drawer.

The temptation was too great and resulted in their arrest. Attorney W. H. McGrath, appearing for them said they were "victims of circumstances" and asked for another chance for them. Both parents of Amelung are dead, and Wardlow's mother has to support five children, the attorney said.

After reciting a story of discouragement which followed his losing every cent he had in a battery business at Richmond Center, Wis., William Powell, 25, was sentenced to a year at hard labor under the commitment. He pleaded guilty to wife abandonment.

Dist. Atty. H. N. B. Caradine appeared against the three and urged imprisonment for Amelung stating that he had been in the clutches of the law before, on two occasions. He admitted, however, that the boy had never been convicted previously.

Miss Janesville Says:
April fool jokes were rampant Saturday, because the day on which the Christ usually play their moss-covered jokes came this year on Sunday. The fact that the celebration was premature resulted in more people "biting." Several millionaires in the court house bit into the cotton chocolate drops.

You Can't Avoid Easter try as you will. It's something like the Christ who can't avoid Easter. The day on which the Christ usually play their moss-covered jokes came this year on Sunday. The fact that the celebration was premature resulted in more people "biting." Several millionaires in the court house bit into the cotton chocolate drops.

Emerging from a white peril. Friday, a girl remarked that it cost more for shoes than the shoes were worth. She was a very young girl and had just learned that with everything in life the upkeep is more than the original cost. Also, she might shine them herself.

When an audience witnesses a production like "Lightning," few realize the work attendant upon making a successful presentation. Just in the matter of scenery, 12 men were occupied all Thursday afternoon in getting the sets hung in the right places, and it required a great deal of knowledge on the part of the "bois" to know just where to put everything.

True to an alliance made many years ago with eggs. meat markets are selling more ham than any other kind of meat these days owing to the large supply of eggs. A local butcher said Thursday that he has to keep 15 hams in preparation for slicing these days before Easter. The white eggs are more in demand than the dark-shelled eggs owing to the coloring for Easter.

"I wouldn't wear new clothes today if I had them," said some girls Sunday—those who like to be different. But they didn't go to church.

Wary eyes are being kept on the coal piles about this time of year. Those who swore when they bought their last ton that they'd move to Florida before they'd spend any more on coal had better make their train reservations if this weather holds out.

7,000 YARDS EXCAVATED FOR NEW H.S.

No matter how small or how large the building, it will not last any longer than its foundation. So say Boos, Ford & Sons, general contractors, 311 McKee boulevard, who laid the foundations for Janesville's "million dollar" high school.

In digging out for the base of the structure, Boos-Ford excavated 7,000 cubic yards of earth. In laying the foundation, 1,800 cubic yards of concrete were poured and 40 tons of reinforcing steel were used.

Before the foundation work could be started, it was necessary to remove the old Stevens residence which stood on Main street for 60 years. The same amount of care taken in the rest of the great building followed in laying the foundation.

RURAL CARRIERS TO GET REGULAR PAY
Rural carriers are to be paid their full salary for the days they did not work at all, and for the days when they tried and could not deliver their routes because of weather and road conditions. This has been received, recently by postmaster J. J. Cunningham from the postmaster general who is cognizant of conditions as they exist in two or more weeks in the middle west when road conditions were so bad. It is only just that they should be paid even for the days they made no attempt to deliver their routes when they did were forced to work so many days overtime.

LATEST MARKET REPORT

Weekly Livestock Review

CATTLE.—Under fair demand from local buyers and outside order buyers a moderate supply of beef steers registered a good 25¢-40¢ upturn during last week, with some late transactions showing as much as 50¢ gain over the previous week's close. Plain cattle, undesirable for stocker outfit, often found difficult sale and failed to show but little strength over a week previous.

The quality of the last week's supply was medium. Good to choice steers were fairly numerous, but strictly choice kinds were scarce. Needles were moderately light each day and the total for the week at \$1.00 was approximately 2,000 less than arrived during the week previous. Weakness and lower prices prevailed in the dressed beef trade most of the time and markets closed with very little order apparent. Quotations for live grade killing steers and active beef cattle follow:

Low grade steers.....\$1.50@7.25
Common to fair.....\$1.25@6.50
Fair to good.....\$1.00@5.50
Good to choice.....\$1.00@5.50
Choice to prime.....\$1.00@5.50
Common to fair yearlings.....\$1.00@5.50
Fair to good yearlings.....\$1.00@5.50
Good to choice yearlings.....\$1.00@5.50
Choice to prime yearlings.....\$1.00@5.50

Butcher Stock.—Markets early last week advanced and lost, but later accumulated strength until closing prices stood most of the week above the previous week's close. Hefers showed most change at all times, and some late transactions made as much as the highest than last week's close. Butcher stock quotations follow:

Common to fair cows.....\$1.25@4.50
Fair to good cows.....\$1.25@4.50
Good to choice cows.....\$1.25@4.50
Choice to prime cows.....\$1.25@4.50

Fair to good hogs.....\$1.25@4.50
Good to choice hogs.....\$1.25@4.50
Choice to prime hogs.....\$1.25@4.50

Calves.—Late the previous week \$5.25 bought the best Holstein heifers, but most of last week \$5.50 represented the best. Little weakness was evident on closing sessions and as compared with a week previous the market was only strong to 15¢ higher. Bull quotations follow:

Common to fair calves.....\$1.25@4.50
Fair to good calves.....\$1.25@4.50
Good to choice calves.....\$1.25@4.50

Fair to good calves.....\$1.25@4.50
Good to choice calves.....\$1.25@4.50
Choice to prime calves.....\$1.25@4.50

Country demand for stock and feeding cattle again favored quality. The most part of the week previous last week consisted of good to choice grades. Stocker and feeder quotations:

Common to fair calves.....\$1.25@4.50
Fair to good calves.....\$1.25@4.50
Good to choice calves.....\$1.25@4.50
Choice to prime calves.....\$1.25@4.50

Fair to good calves.....\$1.25@4.50
Good to choice calves.....\$1.25@4.50
Choice to prime calves.....\$1.25@4.50

HOGS.—The week-end supply of hogs at about 25,000, including 10,000 from a uneven market, prices averaging a shade below previous session. Supply on hand was 25,000 two weeks ago, with fresh arrivals of 10,000 and a holdover of 11,000 swelled the supply beyond requirements.

Although offerings were only moderate in numbers compared with recent Saturdays, they were indifferent to the contrary, were not start, resulting in a reaction with values rising more than the early gain. Closing prices were 15¢ to 20¢ above the early strength. Local packers purchased sparingly, leaving about 4,000 unsold, the decline against last week a larger than on Saturday's session.

Quotations.—Saturday's closing quotations on the Chicago market follow:

Bulk of mixed packings.....\$1.75@7.85
Bulk of medium grades.....\$1.75@7.85
Bulk of better grades.....\$1.75@7.85
Bulk of good mixed packings.....\$1.75@7.85
Bulk of heavy packings.....\$1.75@7.85
Bulk of good mixed packings.....\$1.75@7.85
Bulk of heavy packings.....\$1.75@7.85

RECEIPTS.—Receipts last week at 75,100 were moderately large, comparing with recent supplies. Offerings last week showed an increase of 8,500 over compared with previous week, 1,500 as compared with two weeks ago, and 10,000 larger than 10,000. The week shows a decrease of 10,000, but compared with the large number received during the corresponding week two years ago.

2 WOMEN ORDERED TO LEAVE CITY

One Is Given Suspended Sentence of 18 Months—3 Cases Left.

Disposition of the cases of the two women arrested with three men, in the Wesley Rice house, 523 South River street, 10 days ago, was effected by Judge H. L. Maxfield in municipal court at 4 p. m., Saturday, when he gave Mrs. Elsie Davis one week to leave the city and allowed Mrs. Laura Zbiecki two weeks to do likewise. Both entered pleas of guilty to the charge of being inmates of a disorderly house.

It is made sure that Mrs. Davis will remain out of the city, the court pronounced upon her a sentence of 18 months in the industrial home for women, "Zay-zeh-dih," and then suspended it, "with the understanding that if she is ever seen here again she will have to serve it. With Mrs. Zbiecki, the court said if she returned to Janesville, some kind of a sentence would be pronounced on her at that time.

"If we are going to let these two women go out scot-free, it is no incentive to other people to try to do what's right," said Judge Maxfield to the recommendation of District Attorney S. C. Dunneville that they be ordered to leave town. "If the clinic tests had not shown these women to be free from disease, I would send them both to the industrial home in an instant."

Mrs. Zbiecki has a husband and five children, and Mrs. Davis, a husband and two. J. G. McWilliams appeared for the defendants.

Disposition of the cases against the two women, leaves only those against Wesley Rice, William Keating and William Marsden to be tried. Rice has been held for trial as keeper of the house and Keating and Marsden are charged with having been inmates of the former, having a second count against him, that of transporting liquor.

"We don't want such people in our community," declared the district attorney in recommending the two women be made to leave town.

CRITICAL MOMENT NEAR FOR HARDING ADMINISTRATION

(Continued from Page 1.)

It is almost another Mr. Harding who is tackling the tasks of the presidency now, as compared with the one who was elected in 1920. The president who was elected in 1920, the national capital a month ago. Refreshed and stimulated by absolute rest, the president goes back to his job at the end of the coming week prepared for the hardest kind of a struggle. With congress away, the nation's executive will occupy the center of the stage by himself for the first time in many years. No longer will the news of congress, the speeches and controversies, compete for attention on the first pages. Mr. Harding will have a better opportunity for detailed consideration by the press of his executive acts. It means a great deal to the president, for upon the impression that he makes in the next few months will depend to a great extent whether any substantial opposition to his candidacy for re-nomination will be developed, notwithstanding the fact that at the moment his friends are serenely confident of the outcome.

Mr. Harding can "make or break" his political future in the next few months and nobody knows that better than he does himself. With the eyes not only of the politicians in his own party, but those of the other party focused on the president he can become the center of attack as well as aggressive offense. His instinct is to avoid cautiously and "play safe" avoiding fight and controversy. This has been possible in the first two years of his administration, but the political bombardment from the opposite camp has already begun and Mr. Harding is being urged to answer attacks and keep his own viewpoint constantly before the public.

The president's instructions to the tariff commission to broaden its inquiry on the prices of sugar as they may relate to the tariff is a recognition of the necessity of this kind of warfare in politics. There will probably be more of it when the president gets back to his nest in the white house. The trip across the country to be begun in June will of course afford the best method of dealing with attacks against his administration, but the sagacious political advice he is offered is to do things first and talk about them afterwards.

Before going out to the country, the president has the opportunity to do several things without the aid of congress for in him is vested wide discretionary powers. On many public questions congress has not stripped the executive of so much power since 1920 as might be imagined and the administration is in a large sense a one man government. The cabinet secretaries have been given much latitude by Mr. Harding but he is, after all, responsible for practically all of their acts, and rarely is an important policy put into effect without his decision.

The European situation, to be sure, affords Mr. Harding all the time a chance to recover lost ground with that large group in his own party which believes farm prices will be improved and the general prosperity of this country insured by economic and non-political cooperation with Europe. Secretary Hughes has confined himself to the lines of policy laid down by Mr. Harding, and with due recognition of the factional feeling inside the republican party which the league of nations issue aroused. But ever since Mr. Hughes has been secretary of state and Mr. Harding has been in the white house, congress has been in practically continuous session and no move in foreign affairs could be made, not even the writing of a forceful diplomatic note on international cooperation without running the risk of having that move criticized by congress. The administration has really had the chance to complete its diplomatic maneuvers.

About Europe.
The president has been repeatedly told that he must help Europe in some practical way and that there are jobs of things he can do in an economic direction without committing the United States to any political entanglements abroad. Mr. Harding now stands and one of the first activities on his part after returning to Washington will be to consult with Secretary Hughes, and his cabinet on a possible development of the administrator's foreign policy to encompass these economic considerations. The Ruhr situation momentarily impedes progress, for even

if the president were disposed to go forward and draw closer to Europe, he would not wish to do so until there was some evidence of the willingness of both France and Germany to settle their conflict over reparations. The president will be in Augusta about a week, and then he goes back to Washington to do things that his friends hope will count him in good stead when he goes forth to make his twenty or more speeches in defense of his administration.

TOMORROW, TUESDAY, APRIL 3

Is the Biggest Day for You in Janesville

You have a City at Stake

You have City Management at Stake

You have Better, Bigger Janesville at Stake

You have a job begun in 1922 to finish

Go to the Polls--Vote--Be a Real Citizen

Let Nothing Stand in Your Way

Do Not Be Deceived--There is BUT ONE CITY MANAGER
TICKET Pléddged to carry out the will of the people
expressed at the Polls in April last year. Vote
this Ticket and complete the job

THE CITY MANAGER TICKET

PUT THE X AFTER EACH OF THESE NAMES AND FINISH THE JOB BEGUN AT THE ELECTION IN APRIL, 1922, WHEN CITY MANAGEMENT WAS CARRIED BY A BIG MAJORITY. VOTE FOR 7:

THESE ARE THE SEVEN ENDORSED BY THE CITIZENS' COMMITTEE:

C. STARR ATWOOD	X
BOYD C. GARDNER	X
A. J. GIBBONS	X
GEORGE A. JACOBS	X
J. K. JENSEN	X
EMMA H. MANNING	X
WM. McCUE	X

NOTE: Do not confuse the name of Boyd C. Gardner of the Fourth Ward with that of Glenn L. Gardiner, one of the present aldermen... The candidate on the Citizens' ticket is BOYD C. GARDNER, superintendent of the Hough Shade Co.

These candidates have no personal ambitions to gratify and no special interests to serve. They represent the people of Janesville. Not one of them is a candidate from desire to be a candidate and every one is on the ticket because of the invitation of citizens.

The Citizens of Janesville voted for city management in 1922 by overwhelming numbers. They voted for that plan of government because they wanted the best form of government ever devised for municipalities. They were opposed in this by a bitter opposition and every man on the ticket selected by the same powers that have been in command of the government for years, was an opponent.

Do you want City Management in the hands of its friends or its enemies?

Do you want City Management sidetracked and the will of the people flouted and overridden?

Do you want the same gang back in office that you voted out?

Do you want Ransom, the man who, as chairman of the finance committee, passed the bill for the mayor's auto painting?

Do you want a continuation of the ease with which asphalt is selected for pavement?

Or are you going to finish the job and take the last of the trenches and clean up?

And do not be deceived by lies about a "closed town" and "Blue laws" and all that old stuff. This ticket has no pledge or platform that cannot be subscribed to by any man, woman or child in Janesville.

Find where you vote. Go to the polls. You can vote between the hours of six in the morning and eight at night. But go early. See that your neighbor gets out and votes. Let us have an expression of the voice of the whole people.

Vote for seven persons on the ticket. If you vote for more the ballot will be thrown out. Take this list above with you. When you have voted for these seven candidates you can rest assured that you have finished the job you began in 1922.

Headquarters of the Citizens' Committee is at Telephone 179. If you want information call there on election day. This is at 17 South Main.

POLLS OPEN 6 A. M. to 8 P. M.

FOR

EMMA H. MANNING

Candidate for

COUNCILMAN

I have been a resident of Janesville thirteen years.

I have always taken a keen interest in civic affairs.

Since the granting of suffrage to women I have considered it a duty to be informed in matters of government.

I have made a special study of the City Manager form of government.

I believe honest, efficient service to the city should be held above personal ambition.

POLITICAL ANNOUNCEMENT

Written and publication authorized by John C. Harlow, and paid for by him at the rate of 55c per inch.

TO THE VOTERS MY RECORD SPEAKS FOR ITSELF

In reply to the article in the Gazette of March 31st I would like to make the following statement:

In regard to any conspiracy on foot to interfere in any way with the Manager form of Government about to be inaugurated, I can emphatically state that I have never heard of any such movement. Have never been approached by anyone in any way or form as to my actions if elected Councilman. Have made no promises to anyone and have not been requested to.

As to that part of the article in which I have been referred to as one of the barnacles, I would say, That my service as Alderman from the 1st ward and the satisfaction given will be best attested by the vote in that ward on Tuesday.

As to my services to the ward and city, I will call your attention to some things that have been accomplished during my term that I wish to take more credit for than any other member of the council. It was more through my efforts than any other person that Race St. has been opened to 4th Ave. bridge from Franklin St. And through my individual persistence that we will have a new viaduct on Franklin St. this year. It was through my constant efforts that the old rails were removed from West Bluff and Wall Sts., where they were interfering with safe traffic. All this, of course, with the unanimous assistance of the Mayor and council.

I have had more time and given more time to the ward and city business than any other member of the council the last two years. I have never been criticized by any in my ward for my action or vote on city or ward matters, with possibly some fault being found with my affirmative vote in the buying of the park.

Respectfully,

JOHN C. HARLOW.

Divorce by either party for a period of not less than six years would be a cause for divorce.

REDUCTION IN P. O. SERVICE TAKES EFFECT

Curtalement of postal service here went into effect Monday, but due to the rearrangement of the routes, it will be scarcely felt, it is thought. An order to cut expense was received at the postoffice last week, when plans were made for arranging the 15 routes so that, if carriers could manage them, and having off two substitute carriers.

The cut will be felt mostly by residents on the outskirts of town, where but one delivery will be made a day, unless the carrier works unusually rapid and has time to reach the houses there in the afternoon too, still, returning to the office before his eight-four day is up. Business districts will have one less delivery a day, and mail in down-town boxes and hotels will be picked up less frequently.

By dividing a down-town route among the carriers, and giving the carrier thus relieved—Paul Ehrlicher—charge of the parcel post truck, the substitute carrier who has been doing this work, Leonard Eber, has been relieved. Glenn Cook, substitute carrier, has also been relieved.

Carriers and their districts as they now stand, are: Route 1, First ward, George Birmingham; 2, Second ward, Claire D. Capelle; 3, John Glasson, Sixth ward; 4, Orrie Hanthorn, Fourth; 5, John Smith, Fourth; 6, James Quinn, Seventh; 7, Robert Bear, First; 8, Oscar Halverson, Third; 10, George Fowers, Third; 11, Herbert Heubel, First; 12, John Joyce, Second; 13, Roy Currier, Fifth; 14, Charles Smith, Sixth; 15, Leslie Gack, mounted carrier, outskirts of Fifth and Seventh wards.

This schedule will be in effect at least until July 1, when the new fiscal year starts and more money is available, and may be continued even after that if it works successfully.

THIS WEEK IS "Pay Your Bills Promptly Week"

THE MEMBERS OF THE JANESVILLE ADJUSTMENT BOARD SEND YOU THIS MESSAGE:

As credit is the foundation of business, so is character the basis of credit

A man's credit is his greatest asset. His very standing in his community as a citizen, and that of his wife and children in their circle of friends, is affected by the manner in which he pays his bills.

YOU—whether you live in Portland, Maine, or Portland, Oregon, in Paterson or Janesville; if you fail to pay your bills promptly, you will find that the Retail Credit Men's Association of your town has its eye on you and your record is on its books.

This record is not only spread before the eyes of all merchants of your home city; but should you take up your abode in another city of a distant state, and apply for credit there, you will find that your record has preceded you.

THIS WEEK IS "PAY YOUR BILLS PROMPTLY WEEK." If you are "slow pay," this is a splendid week to take stock of yourself and your credit standing in your community.

If you are slow pay, make up your mind today to change your system. If you owe bills that are past due, step into the stores where you owe them, see the credit man and make arrangements to pay them at once.

Do not abuse your credit. Safeguard it as you do your character. This you can do by—
PAYING YOUR BILLS PROMPTLY!
